

Dear Fellow Graduate Students,

I'm excited to announce my candidacy for the position of Secretary of the Graduate Student Organization (GSO) at Stony Brook University. With a background in student leadership and a strong dedication to our community, I am committed to bringing transparency, inclusivity, and effective communication to our organization.

Drawing on my experience as the marketing head for Bachpan Prays during my undergraduate years, I understand the importance of strategic communication and outreach. I will leverage this experience to ensure that GSO initiatives and events are effectively promoted and accessible to all graduate students.

As Secretary, I will advocate for the needs and concerns of our diverse graduate student body, ensuring that they are at the forefront of the GSO agenda. Together, let's work towards strengthening our community and creating a more connected and supportive environment for all.

Thank you for considering me for this important role. Your support and vote are crucial in building a responsive, empathetic, and united GSO that works tirelessly for the betterment of our graduate experience.

Warm regards,

Sanath Kumar Bajjuri
Candidate for Secretary, GSO
Stony Brook University
